

## PREMIER+™ EXTRA Lettering with Decorations

Create an embellished pillow for the Princess in your life. Use the Decoration options to transform standard embroidery into the perfect bling'd out toss pillow.

### PREMIER+™ EXTRA Lettering with Decorations 1 - Create Lettering with Decorations

First, use *Reset All Modules* in *PREMIER+™ Configure* to ensure that all settings are at their original point.

1. Double-click to open the **Premier+ Embroidery System**.

2. Click the **Change Hoop icon** in the Quick Access Toolbar.

*It's easy to quickly change your hoop selection or orientation.*

3. Set the hoop to a **Rotated** orientation and select a 360mm x 200mm hoop.
4. Click **OK** to accept.
5. Go to the **Letters** tab and select Adina 25-100 (Script Fonts).
6. In the Letters area type "Princess".
7. Set the Size to 75 mm.
8. Set the Layout Width to 80%.
9. Set the Layout Height to 120%.
10. Select the Line Type as **Horizontal Line**.

*Remember if you forget to change the line type or if you would like a different one, right-click on the letters, choose Properties and change the line type without having to recreate the letters!*

11. Click the Stitch Type drop-down list and set the **Satin Column** to Pattern # 264.

*Remember if you forget to change the stitch type, right-click on the letters, choose Satin Column and change the pattern without having to recreate the letters!*

12. Click **Apply**.

13. Position the lettering approximately 2 grid squares lower (about 3 grids squares from the bottom of the hoop).

14. Change the **Thread Color** in the Design Panel to a color you like.

15. Select the **Decoration** tab.

16. Click **Decoration SuperDesign**.

17. Go to **Miscellaneous**.
18. Select the **Crown 1** from the options.
19. Click **OK**, and then **Close**.
20. Use the Sizing Handles to make the crown slightly smaller.
21. Use the Rotation Handle to tilt the crown towards the right.
22. Position the Crown so it is located just above the "P".
23. Rotate the Crown if desired.
24. Left click in the work area to deselect all designs.
25. Select the **Circle** option from the Decoration Shape drop-down list.
26. Click **Draw Shape** to select a crystal.
27. Select a **Lo-Sheen Nailhead Round** decoration.

28. Select a **Color** you like (Pink).
29. Adjust the **Spacing** between the nailheads to **8mm**.
30. Click **OK** to accept.
31. Adjust the shape to an oval just around the word princess and crown.
32. Right-click and then click "Finish placing shape".

### PREMIER+™ EXTRA Lettering with Decorations 2 – Adjust, Save and Export

33. Click **Select Decoration**  and click on the **Oval**.
34. Go to **Properties**  to alter the spacing of the nailheads.
35. Change the **Spacing** to 15mm.
36. Click **OK** to accept the changes.
37. Right-click to **Finish Selecting Decoration**.

38. Select both the Lettering and the Crown by holding the CTRL key while clicking.
39. Select the **Home** tab and click **Group**.
40. Position them slightly higher and to the right (about ½ grid up and right of center).
41. Select the Nailhead Decoration Oval and use the **Alignment** option to **Center in Hoop**.

42. Click **Save As** in the Quick Access Toolbar. 
43. Navigate to **\Documents\Premier+\MyDesigns** and name the embroidery PrincessBling.

44. Click **Save**.

*The VP4 file extension is added automatically.*

*The VP4 file can be reloaded later and altered if you desire a different Font, SuperDesign or type of decoration, without having to start all over again.*

45. Go to the **File** tab and select **Export Decoration Template**.

*You can export a template to be created with an electronic cutter system.*

*You can Export a printed template for each layer of decoration.*

*You can embed alignment stitches into the embroidery design.*

46. Click **Cancel**.

47. Select **Export** in the Quick Access Toolbar. 

48. Select the format needed for your embroidery machine (here VP3).

49. Adjust any Export setting your format or decoration requires (if needed).

50. Click **OK**.

*Notice the File Name has been altered to show this is now exported.*

51. Locate \Documents\Premier+™\MyDesigns.

52. Click **Export**.

*The embroidery is ready to sew and embellish!*
